***(SEE QR CODE ON BACK TO SCAN)**

***ONLY ONE PERMIT / YEAR is needed, Activation each day that you burn is required.**

What if I don't have access to a computer /smart phone with Internet to get a Burn Permit?

- If an online process is not an option for you, please visit the **Superior Ranger Station M-F 8-4:30** to obtain a burn permit and to learn how to active your burn permit for the days you burn.

How do I know if I can burn the day that I want to burn?

Once you have a Mineral County Burn Permit, you must **activate it before starting your burn** after 6 am. log into the Online Burn Permit System at <https://app.egovmt.com/burnpermit/>

If you can safely burn that day, you will be able to activate your Permit.

REMEMBER: **You MUST activate your Permit on each day you plan to burn.**

The System doesn't recognize my rural address. What do I do?

Try entering your address in a different format if the Online Burn Permit System doesn't recognize your address. For example, if your address is "12345 Hwy 83," try entering it as "12345 83 Hwy N." Data used to reference street addresses is based on Cadastral data, which is entered in this format. You can also find your property using the Online System. **Just click the location on the map where you will be burning OR you can use a latitude/longitude from a GPS instead.** Note: System will only accept Mineral County addresses.

How do I "activate" my Mineral County Burn Permit?

No. By going online at <https://app.egovmt.com/burnpermit/> to activate the Permit you learn whether fire-danger conditions allow a safe burn. You will not be able to activate unless burning conditions are good. Note: The Outdoor Burning Hotline (406) 225-6779 is still available. It is used by primarily by "major burners," such as the US Forest Service and The Nature Conservancy.

Why does Mineral County use an Online Burn Permit System?

At one time, getting a Permit required traveling to a fire department and maybe waiting in line. Some departments were inundated by the job of writing permits. The Online Burn Permit System improves this process considerably. Anyone can now get a **FREE** Permit at any time, even on the day they want to burn! The system also streamlines information sharing between fire departments and dispatch centers. Prior to its adoption, firefighters spent hours searching through paper files to verify Burn Permits. Now, we have access to that information in a timely manner.
