

2026 MINERAL COUNTY ELECTION JUDGE TRAINING

Dear Potential Election Judge,

We are excited to host our annual election judge training on **April 25th, 2026** and want to extend a welcoming invitation for the **2026 Election Judge Training** to you!

Mineral County Elections Office wants to make sure that you get the most out of this year's training. We will be conducting three separate trainings this year broken out into the three different groups. We are anticipating that our smaller class sizes will give us the ability to have more beneficial learning conversations, and get us all laser focused on Election Day topics that matter most. Each group will have a different agenda, which will be handed out at training. The groups will be broken out into the following;

- **Group A**- Experienced Election Judges who have worked at the polling place in earlier elections.
- **Group B**- Newly recruited Election Judges.
- **Group C**- Election night counting team. (*this training will be held **April 15th, 2026**)

Before we conduct the 2026 Election Judge Training, we ask that you complete a few things first.
