MINERAL COUNTY FLOODPLAIN DEVELOPMENT PERMIT

PUBLIC NOTICE – October 28, 2026

Notice is hereby given that **John Byrne** has submitted a Floodplain Permit Application to Mineral County for proposed construction of a **180-square-foot bathhouse** at **3293 Sloway Frontage Road E, Saint Regis, Montana**, in Section 15, Township 17 North, Range 27 West, P.M.M., Mineral County, Montana.

The proposed bathhouse will be located approximately 130 feet from the top of the Clark Fork River bank. The project includes placement of fill beneath the proposed structure to achieve the required finished floor elevation. The application indicates that the proposed finished floor elevation will be at least two feet above the base flood elevation.

The application and supporting materials are available for review at the Mineral County Environmental Health and Planning Department, 300 River Street, Superior, Montana, during regular business hours.

Written comments regarding the proposed project may be submitted to the Mineral County Environmental Health and Planning Department at P.O. Box 396, Superior, MT 59872, or delivered to 300 River Street, Superior, Montana. Comments must be received by November 12, 2026.
